RAPID TRANSIT RUMORS.

A DENIAL THAT THE COMMISSION HAS RE CEIVED A DEFINITE OFFER.

IT IS REPORTED, HOWEVER, THAT THE MAN-HATTAN COMPANY WILL AGAIN OPEN NEGOTIATIONS WITH MR. STEIN

Interest in the popular subject of rapid transit was revived last week. The failure of the Rapid Transit Commission to sell the franchise for the nd system, followed by the negotiations with the Manhattan Rallway Company, which wer recently terminated by the Commission, naturally essened the public faith in the work of the Cor mission. Last week, however, rumors that a definite proposition to build the underground railroad had been received by the Commission were put in

These rumors, although discredited from the first, have continued to circulate and find believers. The rumor, started about ten days ago, has failed to find confirmation from the Rapid Transit Com-This rumor was that five "responsible apitalists" had made a proposition to the Commission to build the underground railroad as planned by the Commission, with perhaps a few modifica-At the meeting of the Commission on sday Eugene L. Bushe, secretary of the Com mission, offered a resolution asking that all the facts concerning the alleged offer by "responsible capitalists" be given to the public. The resolution did not even reach a vote. It was not necessary President Steinway replied to Mr. Bushe, saying that he had no knowledge of any such offer. Mr. Steinway added that he knew that several men had tulked about the matter with a member of the Commission, but that they had not even made a verbal offer, much less submitted a formal proposition,

The latest rumor, which within a day or two has rown into a definite statement of fact, was that a well-known firm of tunnel builders had made proposition to the commission. The firm mentioned proposition to the commission. The firm mentioned was Ryan & McDonald, of Baltimore. This firm built the Bultimore and Ohio funnel under the city of Paltimore. A few weeks ago the firm sent a let ter to the Rapid Transit Commission affirming their belief that the construction of the underground rall-road planned by the Commission was entirely feasible. Mr. Steinway was seen at his home, at No. 26 Gramercy Park, last evening by a Tribune re-

'Has the firm of Ryan & McDonald, of Baltimore, made a proposition to the Rapid Transit Commis sion to build an underground railroad?" the reporter

"They have not," Mr. Steinway replied. "I am surprised that such a rumor should be circulated. This firm has not, either directly or indirectly, made any proposition to the commission. So thing may come of the talk that several capitalists have had with one of the Commissioners on this subject. That, however, is only conjecture."

It has been learned on good authority that the Manhattan Railway Company will before long reen negotiations with the Rapid Transit Commission. Many people have believed for several weeks that all negotiations between the commission and the Manhattan Company had ceased foron and the Manhattan Company had ceased forer. This belief was based on the fact that the
ministen had adopted a resolution terminating
i negotiations with the Manhattan Company.
The Manhattan Company has not adopted a
solution closing all negotiations wit the comission. This fact will soon be brought to the
iention of the commission by Mr. Gould, Mr.
ige, Mr. Morgan, and the other members of the
itension Committee of the Manhattan Company,
what the character of their proposition will be
nnot be learned precisely at present.

MAY BUILD THE RAPID TRANSIT TUNNEL. BALTIMORE CONTRACTORS MAKE A PROPOSITION TO THE LOCAL COMMISSION.

ore, Sept. 16 (Special).-Ryan & McDonald, the contractors who built the Belt Line Railroad tunnel under this city, which will connect the Baltiore and Ohio Railroad's Philadelphia division with its main line to the West, say they are prepared to begin work at once on the underground rapid-transit road in New-York, if the Rapid Transit Commission accept their proposition. Mr. McDonald said to-day that a representative of the firm would attend a meeting of the Rapid Transit Commission some time next week and urge the acceptance of the proposition. Ryan & McDonaid are prepared to capital and assume all financial responsibility. It is reported here that W. C. Whitney and several other New-York capitalists will lend them financial assistance, but Mr. McDonald says that his firm re not backed by any syndicate.

they get the contract the firm will probably follow the same course as that pursued in the onstruction of the Baltimore and Ohio tunnel. They will issue bonds for the estimated cost of the work, and these bonds will be guaranteed by Messrs. Ryan and McDonald are personally terested. Mr. McDonald is president of the Sci Baltimore Car Works, and the Maryland Nut and Bolt Company, both rich concerns. The firm estimate that it will take about three years to construct the New-York tunnel, and that the cost will be about \$20,000,000. If the commission shall second their proposition, they can remove all the machinery used in the Baltimore and Ohlo tunnel to New-York at short notice, as their work

THE PECULIAR CASE OF A BOY AT THE ITALIAN HOME PUZZLES PHYSICIANS-GRIEF AT THE DEATH OF AN AUNT ONE CAUSE OF HIS CONDITION.

Pasquale Lacolucci is at this moment an interesting subject for study by medical men. He is four-teen years old, and came to this country from Italy two years ago. He lived with his brother Achille and his wife in Woodridge, N. J., until September 6, when he was taken to the Italian Home, No. 179 Second-ave., for treatment. Besides the two relatives named, an aunt also formed one of the family circle, but she died a month ago, and little Pasquale with whom she was a special favorite, took her loss greatly to heart. He fell ill, and it is the peculiar form which his malady assumed that has puzzled the doctors who includy assumed that has puzzled the doctors who are connected with the Home, as well as some outside physicians who have called to examine him. He scarcely ever moves, appears to have no sense of touch or of hearing, and there is a vacant stare in his wide-open eyes, which are closed only about three hours out of the twentyfour. His speech also is impaired, for he has not uttered a word since his admission to the Home. He lies on his back all the time. He is a goodlooking boy, and when he first entered the Home he had a full, round, healthy-looking face, but he is considerably emaciated now, for he has to be fed artificially. While it is considered probable that a continuation of the careful treatment he receives will prolong his life for many years, the doctors say that cases of that character, which are infrequent in medical annals, end generally in early

The boy first showed signs of his curious ma by fits of weeping, which were followed invariably by conditions of deep coma, in which he would remain for a long time. This continued for about three weeks in his humble New-Jersey home, and when he was taken to the Italian Home for treat-ment the same symptoms overcame him again soon after he was put to bed. Dr. Bettini dl Moise, the chief of the visiting staff, diagnosed the case as catalepsy. Dr. Martin L. Torrill, the house physician, thinks that it is chronic melan-choila, while Dr. John Sherman, who is the resi-dent surgeon of the Home, admits that he is puzzled over the case, and declines to make any diag-nosis until further developments appear. Pasquale is fed with peptonized milk, and sometimes with a decoction of raw eggs beaten up in milk, which has to be administered by injection. There came to him yesterday a brief period of returning anima-tion. A little sailor boy, who is in a cot near him suffering from cholera morbus, was eating some bread and milk, and the young Italian made a bread and milk, and the young Italian made a motion with his hand as though he would like to eat something. His companion handed him a slice of bread, and he bit a small morsel out of it and swallowed it. He was about to take another bite when his hand s-effect to become paraiyzed before it reached his mouth, and it remained rigid. It might have remained, the physicians say, in that position for hours had it not been carefully replaced on the quilt. There never was a case such

as this before in the Home, and some noted specialists on mental and nervous diseases have been invited to examine the lad. They are expected to do this to-day or to-morrow.

It has been found that insanity was in the boy's family. His temperature is 28 4-10, and his puise 66 to 68. A Faradic battery of electricity of about 600 volts is applied to him regularly, but he seems to be unconscious of the shock, and in addition he receives a shower bath night and morning.

TO REPRESENT TAMMANY AT ALBANY.

ONLY THREE OF THE PRESENT SUNATORS SAID TO BE CERTAIN OF RENOMINATION-OP-

POSITION TO MESSES, BROWN AND M'CLELLAND.

Only three of the Democratic State Schators now representing this city are sure of Tammany eminations. These are General Martin F. Mc-Mahon, who is slated for the VIIth District; John F. Ahearn, who has little Democratic opposition in the VIIIth, and Jacob A. Cantor, who. declining a nomination on the State ticket, will be unanimously put up by the Wigwamites of the XIVth District. Senator William L. Brown, who voted for W. Bourke Cockran instead of Edward Murphy, jr., in the Democratic Senate caucus last winter, and "kicked over" the Tammany traces on several other occasions, has received an intimation that his services are no e of Colonel Brown's personal friends in Nework have been trying to alter the edict against him and arrange a nomination for him in the XIIIth District, where he lives. Senators Cunningham and Roesch will not and pleads business engagements as his reason for retiring. Mr. Roesch expects to be elected a Civil Justice, in place of Alfred Steckler. Plunkitt in the XIth District is still undecided. He has expressed his willingness to consent to the re-election of Assemblyman Thomas J. McManus. Civil Justice Thomas E. Murray, both anti-Tammany men, if their friends will agree to no obstacles in the way of Plunkitt this fall. If an arrangement of this kind cannot be made, There is much popular opposition to Mr. Plunkitt's There is much popular opposition to Mr. Plunkitt's going back to Albany, and Tammany does not feel like taking the chances of losing the district. The fight being made against Senator Charles P. McCleiland for renomination in the XVth District, composed of Westchester and Putnam counties and the Annexed District of this city, by the supporters of Assemblyman Alfred H. Morris, of the Hd Westchester District, is expected to result in the defeat of McCleiland and the nomination of Morris. The "downing" of McCleiland is looked upon by the knowing ones as a foregone conclusion.

MR. WHITNEY CALLED THRICE.

In the course of Senator Murphy's stay at the Roffman House last week-he returned to Washington on Friday-he had a number of callers whose names did not get into the newspapers. One of these was William C. Whitney, Secretary of the Navy in President Cleveland's first Administration, and the director of his campaign both for nomination and election last year. Mr. Whitney, called three times to see Mr. Murphy at his hotel, but failed to find him, the Senator unfortunately being out whenever Mr. Whitney sent up his card.

The ex-Secretary went to Beverly, Mass Friday, Yesterday Thomas F. Ryan, the genial and polite treasurer of the Metropolitan Traction Company, and Mr. Whitney's copartner in many enterprises, visited the Hoffman House, and asked for Senator Murphy. He was informed that the Senator had gone back to Washington, and had reached that city the evening before. Mr. Ryan expressed surprise, and seemed much disappointed. The purport of what he desired to communicate to Senator Murphy was not learned. The treasurer furnish the \$1,000,000 guarantee, raise the necessary of the Metropolitan Traction Company is careful as to what he says.

There has been a great deal of feeling in both Democratic camps about ex-Secretary Whitney and his failure to declare himself. Nobody seems to know where he stands. He has been a long time under cover, and there is a widespread anxlety in Democratic circles to discover with whom he is training. The Administrationists are or the estimated cost of the still claiming him, but in uncertain tones. The machine men insist that he is friendly to them, and corporations in which and is ready to aid them when the time comes, and are personally in-Murphy much of this doubt and seeing New-have been brushed away. Before leaving New-have been brushed away. Before leaving New-York the Senator expressed regret at the suc-ression of mishaps which perhaps prevented him from securing most important information. The time of Mr. Whitney's return from Beverly is not known.

CHAIRMANSHIPS FOR JOSIAH QUINCY.

Boston, Sept. 16 .- At a meeting of the Executive Committee of the Democratic State Committee today Chairman Josiah Quincy presented his list of members of the Committee on Resolutions for the State Convention as follows: Josiah Quincy, chairman; George Fred Williams, Nathan Matthews, jr., William L. Douglas, Brooks Adams, Osborne Howes, jr., John B. Fitzgerald, Henry C. Thacher. The report was accepted. Mr. Quincy withdrew his resignation as chairman of the State Committee. W. B. Rice, of Quincy, was chosen to the chairmanship of the Resolutions Committee at a previous meeting, but was unable to serve, and Mr. Quincy was appointed in his place.

Des Moines, Iowa, Sept. 16.—The Prohibition-Republican Central Committee met to-day and nominated Bennett Mitchell, of West Side, Crawford County, for Governor in place of L. S. Coffin, of Dodge, who declined, Mr. Mitchell is a Methodist minister and was the leading candidate against Mr. Coffin before the State Convention, Mr. Mitchell stated to-night that he would accept.

HAS LOCKWOOD JOINED THE SNAPPERS!

Ruffalo. Sept. 16 (Sepecial).—Representative Daniel N.
Lockwood, who won a reputation by nominating Mr. Cleveland for Sheriff, Malor, Governor and President, seems to have gone over to the enemy. He was placed to-day beside William F. Shechan as a delemate to the State Convention, representing the 1st Assembly District of Eric County. He has been suspected of a tendency to climb down on the machine side of the Democratic fonce ever since Shechan sent him back to Congress in place of Thomas L. Bunting, who would not wear the yoke.

MORE PRENCH WORKINGMEN HERE.

Another party of French workingmen, thirty-Another party of French workingmen, thirty-three in number, arrived here yesterday on La-Touraine. They are sent by the municipal govern-ment of Paris, and include in their ranks members of nearly all trades. There is one woman in the party, a seamstress. All the rest are men. As-sistant Commissioner of Immigration Edward Mc-Sweeny and Chief of the Contract Labor Bureau John J. Quinlan went down to Staten Island Friday night, and yesterday morning greeted the delegates at Quarantine. When the steamer reached her pier the visitors were met by Samuel Gompers, president of the American Federation of Labor, and other prominent labor men, and speeches of wel-come were made and responded to. Some of the visitors are now staying at the Hotel Richelieu, No. Visitors are now staying at the Hotel Richelled, No. 12 Clinton Place, and the rest at the White House, No. 14 University Place. After a short stay in this city they will go to Chicago, and then travel through the larger cities of the West and study the industrial methods of American workingmen.

HE SAYS MOR. SATOLLI APPROVES HIS COURSE. The Rev. Patrick Corrigan, of the Church of Our Lady of Grace, or Hoboken, said last night, in reference to the recent discussion in the newspapers oncerning his idle parochial school and his church management:

"It is plain that the attacks on me were inspired by the Bishop. Their acknowledged author is the Rev. Joseph Synnot, a member of the Bishop's own household, and the Bishop's counsellor.

"Monsignor Satolli approves of my proposition to turn over the parochial school to the Hoboken Board of Education for use as a public school. He

Now HERE IS THE DISCOURAGING FEATURE OF ADVERTISING. A friend of mine from Jersey City, who does a good deal of advertising himself, and

My New York Heathen Friend:
Having had no vacation this summer; being compelled
by poverty to spend the whole time in Jersey, life has
been made bearaids by reading every morning the Packard
edv risements in The Tribune. The one last Saturday
touched high water. I have read every one of your
advertisements and yet have not sent for the book.
Neither have I sent my boy to your school. The fact
that I have no boy does not seem to me to bear on the
metter at all.
